

Kirtland College Classes To Be Offered At Grayling High School

Continuing the successful program begun last spring, Kirtland Community College will again be offering two college classes at Grayling High School on Tuesday and Thursday afternoons. The classes are being offered for high school seniors and any other person in the community interested in taking college classes. The success of the program last spring was largely due to the class makeup of both community members and high school seniors. The two classes to be offered are Freshman College English Composition and Introductory College Psychology. Both courses are described below with their meeting times.

ENG 103 - English Composition I—3 cr. hrs., 12:30 to 1:55, 3 cont. hrs., Tuesday and Thursday.

The writing of selected texts, discussion of those texts and intensive writing upon the issues raised by those discussions, all of which is designed to develop, within the student, skills in critical thinking and effective writing.

PSY 101 - Introduction to Psychology—3 cr. hrs., 2:00 to 3:25, 3 cont. hrs. Tuesday and Thursday.

A study of human behavior with reference to perception, learning memory, thinking, emotions, intelligence, aptitude and personality. The need for scientific psychological investigation of human behavior is stressed throughout the course.

A registration meeting for high school seniors and their parents will be held in the Grayling High School Library at 7:00 p.m. on Monday, September 9th. Adults in the community wishing to register may attend the meeting or may register by contacting Robert Bovee, high school counselor or Mr. Kent Reynolds, high school principal at 348-7641.

Classes will meet for the first time on Tuesday, September 10th. Fees for the classes will be \$10.00 per credit hour or \$30.00 per course plus a one time only \$5.00 enrollment fee.

This program is initiated to allow seniors who have taken most of the academic courses the high school offers that would be of benefit to them an opportunity to begin to accumulate college credit, keep their mind sharp and to see what college academics is all about.

Annual Chamber Meeting To Take Place September 12th

The Annual Chamber Meeting will take place on Thursday evening, September 12th, 8:00 p.m., in the Council Chambers of the Grayling City Building.

Following the closing of the 1973-74 Fiscal Year by the filing of the official financial statement, four members of the Board who have served for the past three years will be gratefully praised for their services and four new members will be seated. Those four new members will be determined by balloting presently being completed by all 200 Chamber members in good standing. Following the seating of the new Board, an election of officers for the Board of Directors will take place.

Also included on the agenda will be discussion of Mill-Town Festival 1974; the Annual Chamber Dinner: 1974-75 Budget and Projects; 1974-75 Committee Appointments; and Winter Activities.

This is the one meeting per year where it is possible, because of the meeting location, for all Chamber members to attend, and they are encouraged to attend.

Parents Must Read High School Student Handbook

Student handbooks containing the student conduct code and other information were distributed to all students at Grayling High School, Wednesday, September 4th.

All students and their parents must read the handbook and sign a note indicating that they have read the handbook and understand its contents. These notes must be returned to the High School office by Friday, September 6th.

Students not returning the notes may not attend school after Friday, September 6th, until they bring the note to school.

The reason for requiring this note so strongly is two fold: 1) to eliminate the problem of student claiming that they are not aware of rules and regulations where situations requiring discipline occur, and 2) to improve understanding of school policies and procedures within the students home.

Roscommon Paper Sold

In an announcement last week, The Roscommon Herald-News has been sold to a group of Roscommon businessmen, by Darrel and Edwin Matheson, who have published the newspaper since the death of their father, D. Eugene Matheson, in 1941.

Officers of the new corporation are: Howard B. Gaylor, President; Dr. Charles Oppy, vice president; William G. Ingleson, secretary and Charles [See Roscommon page 12]

PRESENTATION OF CHARTER—Earl Broadbent, president of the local chapter #1681 A.A.R.P., holds the charter that was presented by Mrs. Helen Brandt, Assistant to the State Director of Northern Michigan, American Association of Retired Persons on Tuesday, August 27th. The local chapter was organized in October 1973 with 23 members. Regular meetings are held every month on the 4th Tuesday at 2:30 p.m. at the Senior Citizen Center. To qualify for membership in A.A.R.P., persons must be 55 or over. Anyone desiring further information may contact Mr. Broadbent. (Grayling Studio Photo)

Persons in these groups may request an advance payment of \$100.00 if they received a bill for property taxes during the spring or summer of 1974. The advance payment is \$100.00, no matter what the amount of the tax bill is. Request for the advance must be filed by [See Tax Relief page 7]

Meeting Set For Seniors and Parents

A meeting for Grayling High School seniors and their parents will be held in the Joseph Stripe Auditorium on the evening of Thursday, September 12th at 7:30 p.m.

The purpose of the meeting is to discuss all senior year academics, activities, and career planning areas including: graduation requirements, academic difficulty and failure notification, graduation, baccalaureate, and class night ceremonies, ordering of caps and gowns and announcements, senior trip, college applications, parents confidential statement to colleges, scholarships and financial aid, and ACT and SAT tests; honor study hall and discipline.

It is hoped that all seniors and their parents will attend as it is very important that the parents of all seniors are informed regarding all senior year functions.

Paper Drive

According to Richard Anman, president of the Grayling Booster Club, anyone who may have been missed in the paper drive held last Saturday, may bring their bundled papers to the Grayling Distributing Co., 2075 South Milliken Road, (behind Madsen Lumber Yard) before Friday, September 6th.

FREAK ACCIDENT—While pulling in for gas, Norman Henny, 83, of Saginaw, lost control of his car and slammed into the utility pole at the corner of I-75 Business Loop, and M-72 West, last Thursday afternoon about 3:30. Mr. Henny was taken to Mercy Hospital and released. His wife Florence, 83, a passenger was reported uninjured. Traffic was rerouted for nearly 2 hours while Consumers Power and State Highway Traffic Control personnel repaired the damage. The accident is currently under investigation, according to city police officers who handled the accident. (City Police Photo)

Bishop Loder to Speak in Grayling

A rare event in the life of Michelson Memorial United Methodist Church will happen during the forthcoming Missionary Conference September 6, 7, 8, 1974.

On Saturday evening, the Reverend Dr. Dwight Loder, Bishop of the Detroit Conference and Mrs. Loder will be here to share with us the experiences of their tour of the United Methodist Church's Mission stations in Africa, and how the Council on Bishops view the missionary outreach of the Modern Church.

Bishop Loder will preach at both the 8:30 and 11:00 o'clock services on Sunday, September 8, on subjects of his own choosing.

Tennis Clinic Here Saturday

On Saturday, September 7th, a FREE tennis clinic will be presented in the Grayling area. The instruction will be given by Mike Rahaley, the area's leading tennis professional, at 9 (nine) a.m. on the High School Tennis Courts.

This event is being sponsored by the Little Traverse Racquet Club, who invites all interested persons to come and learn what you know and don't know about tennis. Mike Rahaley will present the basic strokes, plus many advanced tips to improve your game.

Beginners as well as advanced players will enjoy this clinic. Have fun and learn America's fastest growing sport.

The Little Traverse Racquet Club is Northern Michigan's newest indoor tennis facility. Located in Petoskey, Mich. it features five championship tennis courts enclosed for winter play. There are locker room facilities with whirlpools. Memberships are now being taken for the 1974-75 season which will begin September 30th. Information regarding memberships can be obtained by calling 1-616-348-5450, or writing P.O. Box 170, Petoskey, Mich. 49770.

Adult Registration for High School Classes Begin Next Week

Area adults who would like to complete their high school education may register for classes at the Community School Office beginning Monday, September 9. The Community School Office, which is located in the new Grayling High School is open daily from 1:00 to 5:00 p.m. and from 6:00 to 9:00 p.m.

Anyone who would like more information about Adult Education or who would like to register for classes should plan to stop into the Community School Office sometime during the week.

Also, for anyone who cannot get out to the high school, Adult Education personnel will be at the Crawford County Building all day Wednesday, September 4 and all day Wednesday, September 11.

Additional information can also be obtained by calling Community School Director Howard Taylor at 348-7641.

BEAR BREAKS NEW GROUND—Due to the fantastic growth of the archery market, Bear Archery has found it necessary to build again. Beginning in Grayling in 1946 with 6,500 sq. ft. and less than 30 employees, Bear has grown to employ 730 people and a plant that now covers over 114,000 square feet. Attending the ground breaking recently for a new 15,000 sq. ft. warehouse were, from left to right, Bill Granlund, Manufacturing; Sam Colleen, Shipping, Ralph Stevens, Administrative Services; L.A. Barkley, Purchasing; Al Beatty, Executive Vice President; Ben Apps, Controller; Robert Kelly, Vice President/Marketing and Fred Rear, President.

At Harrison Vikings Open Grid Season This Friday

Pigskins will fill the air one week earlier than usual this year when the Grayling Viking varsity football squad opens their season this Friday night in a non-conference contest at Harrison, with game time set for 8 p.m.

On Saturday, Sept. 7th, the Viking JV's will open their season when they entertain the Harrison JV's at the local field, at 6:30 p.m.

The Freshman squad will get their season play underway next Wednesday with a 6:30 p.m. contest against their counterparts from Gaylord on the local gridiron.

Viking gridiron hopefuls have been hard at work for over 6 weeks preparing for the 1974 season. Over 20 varsity candidates have been running and lifting weights since July 15, in preparation for their opener this Friday.

The Vikings are a more experienced team than last year, with many seasoned players returning, lead by Mark Hanson at quarterback, and

running back Cliff Bonamie, starting their third year of varsity action. Bonamie was selected as a running back on last year's all conference team, and Hanson has two years of quarterback action under his belt, which should help the offensive punch of the Vikes.

The offensive line will have some tough linemen with a quick pair of guards in Scott Coe and Dave Lovely, Mike Weiland, head coach, stated last Friday.

Listed as probable other starters in the line, by coach Weiland said, Tom McInally and Pat Money at tackles, and Bob Harris and Jim Sanderson at the ends.

A large group of back field hopefuls look to start along with Hanson and Bonamie, Weiland said. Tom Haskel could get the nod at flanker, with Ted Schlaack, Scott Hanson, Ron Huil and Greg Colthro, all showing promise for running back action, Weiland added.

Some line replacements include, Leon Budd, Herb Olson, Luke Helsel, Doug Hinkle and Don Vollmer, all over the 200 pound mark.

A big job for the Vikings this year is to try-and-toughen-up-a defense that allowed nearly a 20 point average per game last season.

Don Ferguson, defensive coach, will have a tough job in finding a replacement for Walt Kozicki, at a linebacker slot. Kozicki lead the Vikings defense last year with over 100 tackles and assists, and was lost through graduation.

Returning defensive starters include: Neil Doty, John Tobin, [See Football page 11]

WARNING

The Tank Range at Camp Grayling, located North of the North Down River Road and East of the East Branch of the AuSable River, will be closed for Range firing 7-8 September 1974.

The Artillery Range at Camp Grayling located North of County Road 612 and South of the North Branch of the AuSable River, will be used by National Guard Units 1 thru 11 September 1974 for Range firing, artillery and air to ground.

The Known Distance Ranges located South West of Lake Margrethe will be used for small arms firing 7-8 September 1974.

These ranges will be closed on above dates and all persons are warned to stay out of these areas.

Season Athletic Tickets at G.H.S.

Adult admission to Varsity football and Varsity basketball games will be increased this year from \$1.00 to \$1.25. Students will be able to purchase a student presale ticket at the high school and middle school before the game at a price of 75 cents. Students not purchasing the presale tickets will be charged \$1.25 at the gate. All tickets at the gate will be \$1.25 except for elementary students accompanied by a parent are 75 cents.

All other athletic events where admission is charged, tickets will be Adults, \$1.00. Students, 75 cents. Season passes will be available again this year for all home athletic events. Prices are as follows:

Football Family	\$11.00
Basketball Family	\$18.50
All Sports Family	\$25.00
All Sports Student	\$6.00

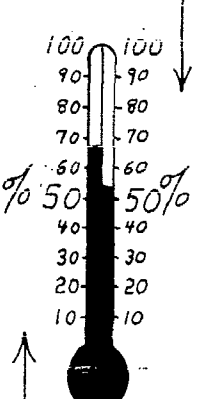

These season passes are on sale and can be purchased any school day at the High School main office and at the ticket booth game nights.

FOOTBALL COACHING STAFF—The above coaches will guide the fortunes of the three Grayling Viking football squads for the 1974 season. Pictured front row, from left, Larry Schlaack, JV's; Don Ferguson, varsity defensive coach; Mike Weiland, head varsity coach; Chuck Mires, JV's. PARADE OF VALUES

Jack Pine's Stump

An Open Letter to Sal Truettner:

Dear Sal, I love you! You're the greatest, absolutely! While you're letter in last week's Avalanche took the community to task for several reasons, I criticize it for a totally different reason. This area has never given you personally the great credit you deserve for your manifold efforts in a vast variety of community projects, from your work on the Chamber of Commerce to your magnificent labors on the Centennial and your most recent work in pulling together a real Historical Society. While most of us just talk, you get out and get something done. The list of what you have done for all of us throughout the years would fill a whole column, and I have other things I want to say. But first, just let me say thank you. While I can assume that I speak for the entire community when I say that, just for now I am speaking for Jack alone.

-JP-

Now to get to your letter in last week's paper. Whitey's remark that you've never said anything polite in your life was made in jest, for I know you can be, and have been, polite many times - even to me. But you do say just exactly what is on your mind and you don't care where the chips fall - even Jack Pine chips. But in this case, it was just Jack Pine shavings. You didn't go deep enough for chips. And I thank you for that. But I find it a bit difficult for you to nail me for having a runny nose and being critical in a letter which devotes at least two whole columns to criticism of your own. Doesn't it seem a bit incongruous to you?

-JP-

I don't think you should have called our home town "a dirty, filthy little city called Grayling," nor do I believe that about forty percent of our people are slobs. Of course, I don't like that word anyway. I would guess that maybe close

to fifteen percent don't care and maybe another 60 percent care, but don't lend their efforts to community projects such as you do. Another case in point is what the Booster Club has done over the past three years or so. A blanket condemnation includes that group, you know. Be that as it may, Sal, perhaps you blame the locals too much. After all, hundreds of thousands of people a year visit Grayling, for we are, after all, a year 'round resort area. I just can't believe that all these people keep their litter in their pockets or cars, and that the Grayling people throw theirs in the streets. It just goes against reason. Sure, I have seen merchants sweep the trash from the walks in front into the street, too, but there aren't that many merchants that a personal chat wouldn't "educate." As far as messy homes goes, you say that ordinances exist. Well, fine, let's see them enforced. I know the City treasury isn't exactly Fort Knox, and that the little money available has got to stretch a long ways. I think the City does a fine job generally. I also know that members of the City Council are overworked, underpaid and rarely thanked. But after all, those people weren't drafted for the job; they ran for office. I just can't believe that they wouldn't know what they were getting into.

Whitey limits my space, so I can't go into much more. Many of your Jack Pine whittlings were correct, some weren't. All the businesses and people you mentioned deserved your praise, mine and everyone's. But I do think that generally we have a very pretty little City with a whole bunch of fine, generous and polite people who don't try to mess up their home town. Oh, by the way, I could care less about holes in the streets of other towns. I care about Grayling, and no one was happier than I when the City fixed up Norway street. Now why not Peninsular?

One last word, Sal. About you personally. I wish to the high heavens that we had more people like you in Grayling. There'd be no stopping us. Love, kisses and thanks from your old buddy.....

JACK PINE

Three Earn CMU Degrees

Three Grayling students were among those awarded degrees at Central Michigan University's most recent commencement ceremonies. Spring commencement ceremonies were held in the University's Short's Stadium. Commencement speaker was Admiral Elmo Zumwalt, U.S. Chief of Naval Operations.

This 1974 CMU graduating class, like most, was comprised of students representing CMU's nine bachelor's degrees programs, the 60 curricula leading to seven master's degrees and the nine curricula leading to three specialist degrees.

Local students graduating were James F. Knibbs, 701 Peninsular Ave., son of Mrs. Leonard Knibbs, who received a Bachelor of Science degree in Psychology; Allen L. Lowe, 401 Mikado, son of Mrs. George Lowe and husband of Mrs. Mary Ruth Lowe, who graduated cum laude with a Bachelor of Science degree in Education with majors in Industrial Education and Physical Science; and Bradley C. Scheer, Route 1, Box 84, son of Mr. and Mrs. William Scheer, who received a Bachelor of Science degree in Business Administration.

Tennis Tournament a Success Here

PROFESSIONAL TENNIS players with local tennis and Booster Club officials. Left to right: Cham Reddi, Grayling; Ray Senkowski, Grosse Pointe Heights; George Ernst, Windsor, Ontario, Canada; Gene Kaiser, Frederic; Phyllis Korol, Traverse City; Richard Potter, Detroit; June Stack, Sugar Loaf; Peter Narkause, Sugar Loaf; Susan Jennings, Connecticut; Ben Garland, Roscommon; and LeRoy Christian, Grayling.

Tennis Tournament conducted by the Grayling Tennis club on August 24th and 25th went on very well and was very successful. Tennis club is in its infancy and hopes to stand on its own sometime in the future. This year the Grayling Booster club helped us and gave us a lot of encouragement and support, morally and monetarily and made all this possible. Want of space restricts me to mention all the members of the Booster Club who made this tournament a success. Inevitable names to be mentioned are Dick Auman, Gene Kaiser, and Irving McIsaac. They were there when I needed them.

We had the very high calibre of tennis in Grayling on 25th in which Ray Senkowski (Director of Tennis coaching camp at Traverse City), Phyllis Korol (Governors Tennis Cup winner with Ray), June Stack (U.S. open champion for 5 years and presently managing a tennis ranch at Sugar Loaf), Dick Potter (Big Ten Conference Champion), Peter Narkause (Member of the Northern Michigan Davis Cup Team), and

George Ernst (Coach, Windsor, Canada) played and thrilled the spectators with their amazing skill in racket handling and power strokes. In spite of the casted leg, due to an injury sustained on a tennis court at Sugar Loaf, June Stack, to fulfill her word, played in Grayling to promote the game in this community. These professional players were so much interested in promoting tennis in Grayling, that they went out of their way in helping us and promised to help us in any way they can in the future.

Burt Kaiser of Frederic was awarded Ray Senkowski's Scholarship to undergo tennis coaching in Ray's Camp at Traverse City.

Tom Smith, owner of South Branch Ranch, helped us in making contact with these Pros and made this excellent tennis game possible in Grayling. We are indebted to him. Thanks to you Tom.

Zeal and enthusiasm displayed by the Grayling youngsters and the parents was amazing. Keep up the good work fellows and let us plan ahead for next

year and for a self sustaining tennis club. Ideas and suggestions are welcome from anybody.

Final results of Grayling's open, 1974:

Mens Singles: James Rifkin, Bloomfield Hills, Winner; Pat Rajor, Grayling, Runner-up.

Mens Doubles: Reddi & Garland, Grayling, Winners; Becker & Tupper, Higgins Lake, Runners up.

Ladies Singles: Susan Jennings, Connecticut, Winner; Mary Ann Kaiser, Frederic, Runner up.

Boys: Tom Kaiser, Frederic, Winner; M. Moses, Roscommon, Runner up.

Costly Smoke Screen

Inflation is rapidly altering public attitudes toward the heretofore almost sacred concept of government as a shelter of first resort against the vicissitudes of life. Typical of the questions now being raised are those presented in a U. S. News & World Report feature article, entitled "Social Security—Promising Too Much To Too Many?" The article shows how changing population trends, rising benefits and constantly broadening coverage are adding up to an impossible burden. Relatively fewer workers will have to pay more and more in the coming years to maintain the system. Meanwhile, inflation has taken the security out of social security. By early next century, according to U. S. News & World Report, only two workers will be paying taxes for each person collecting benefits—benefits that, if inflation continues, will prove as illusory as a politician's promise.

However, in spite of the record and inflation, the political habit of enlarging existing government programs and proposing new and more costly ones persists. National Health Insurance in some form now appears inevitable—mostly because politicians are selling it as never before without regard to the fact that there is little public interest in the issue. A survey by a well-known pollster on the most serious national problems indicated inflation as the number one concern of the people and health care delivery as number fifteen. Leading medical spokesmen have expressed the view that the subject of health care is more of an expedient than anything else to divert public attention from far more critical problems, such as inflation and the energy shortage.

Any major new National Health Insurance plan will cost a lot of money. To an inflation-weary public, that would be bad news. The prospects of improving the U. S. health care system in the present atmosphere of political evasion of basic issues is not promising.

Nothing Like A Free Press

The definition of responsible journalism in an open society such as the United States will probably never be settled to everyone's satisfaction. But the crucial role of the free press in a free society has been amply demonstrated as the battles of Watergate have rolled across the land. Tiresome as the proceedings have become, they leave no doubt that there is nothing to equal an inquiring reporter when it comes to cleaning skeletons out of political closets and assuring that the doctrine of expediency, used without fear of discovery, does not destroy the rule of law that safeguards individual rights.

FINDLAY, OHIO, REPUBLICAN-COURIER: "Faced with problems, statesmen retire to their mountain hideaways to ponder their decisions. About the best the rest of us can do is go down to the laundromat and brood over the tumbling wash."

EDGERTON, MINN., ENTERPRISE: "Politicians have often been accused of being long-winded. This thought came frequently to my mind as I glanced over a 63-page report on the problems of welfare programs, compiled by a man who was leaving his department. For all of its wordiness, the simple fact still remains: It's a poor system that gives people more money for doing nothing than they could earn for doing something!"

Lottery's Elimination Drawing

The Michigan Lottery's 14th Million Dollar Elimination Drawing will be conducted Thursday, September 5 as part of the regular weekly drawing in Plymouth (9:45 a.m., Kellogg Park, Penniman Street).

A pool of 120,000 recent winners of \$25 lottery prizes have a chance to advance to the big drawing, tentatively scheduled for 6 p.m., September 17, at Road Fieldhouse on the Western Michigan University campus in Kalamazoo.

Each \$25 winner has a 1 in 1,000 chance to become one of the 120 contestants in the Million Dollar Drawing. The 3-digit "elimination number" drawn September 5 will determine those who advance. Each \$25 prize check stub contains the designation of the pool (#14) for which the winner is qualified, and a 3-digit elimination number.

Only those 120 persons having the elimination number drawn next week gain invitation to the big drawing. Each of the 120 wins at least \$1,000 and has a chance at one of the 10 big prizes: five \$5,000 prizes, two \$10,000 prizes, one \$50,000 prize, one \$100,000 prize and one \$1,000,000 prize.

Each of the 120 contestants will be notified by the Bureau. A list of contestants will be released Monday, September 9.

THE BIBLE SPEAKS

From Calvary Baptist Church

On Neo-Orthodoxy

Tracing the erosion of Bible Christianity, we have covered the attack of liberalism during the first part of the twentieth century in America. While America was under the attack of liberalism, in Europe a new attack on Bible Christianity was forming, called Neo-Orthodoxy.

Karl Barth, a young Swiss pastor trained in German liberalism, became the central spark which spread the new movement. He reacted strongly against liberalism which had

placed human reason above the Bible. He called for a return to orthodoxy while avoiding the Fundamentalist/Liberal controversy over the inerrancy and infallibility of the Bible. To him the Bible was not the Word of God objectively, it was only the Word of God as the Holy Spirit spoke to the individual through the Bible. Barth became the leading theologian of the world between about 1931 and 1939. The greatest impact of neo-orthodoxy in America ran from about 1945 to 1960.

Neo-orthodoxy became popular, because it was a compromise solution to the religious conflict. It accepted, in part, the reason of the liberal and the Bible of the fundamentalist, while exalting religious experience as the supreme authority over both reason and the Bible. While neo-orthodoxy almost destroyed liberalism, it also became the greatest threat to Bible Christianity because of its half truths and compromising nature.

Neo-orthodoxy attempted to destroy the concept of absolute objective truth in the Bible. Everything became relative and subject to subjective inner experience. Just as the liberal had challenged the authority of the Bible with human reason, so now neo-orthodoxy was challenging the Bible with religious experience.

The "Achilles' heel" or vulnerable spot in Neo-orthodoxy is the denial of the Bible as the inerrant, infallible authority in Christianity. The subtle danger is their stress upon a greater authority; their claim to go beyond the written word to a subjective relationship with the living word, Jesus Christ Himself. This sounds very good and convincing to the average person, yet if you think it through, you realize that one cannot truly worship God and deny the truthfulness of the only written revelation He left us, the Bible. You cannot know God without magnifying His Word.

"I will worship toward thy holy temple, and praise thy name for thy loving kindness and for thy truth: for thou hast magnified thy word above all thy name." Psalm 138:2. "Every word of God is pure: he is a shield unto them that put their trust in him. Add thou not unto his words, lest he reprove thee, and thou be found a liar." Proverbs 30:5.

GOV. WILLIAM G. MILLIKEN signs proclamation designating Sept. 28 Michigan Hunting and Fishing Day and Sept. 8-14 Hunter Safety Week. DNR Hunter Safety Coordinator James R. Walker (seated) and Michigan United Conservation Clubs Executive Director, Thomas L. Washington, look on.

Elections
Maybe the only reason we have elections is to see if the polls were right.

LANSING—Gov. William G. Milliken has proclaimed Sept. 8-14 as Hunter Safety Week and Sept. 28 as Michigan Hunting and Fishing Day. The observances recognized the contribution of sportsmen toward hunter safety and conservation of natural resources. More than 325,000 young people have learned to hunt safely and responsibly since the hunter safety program started in 1960. Some 3,500 instructors donate their time to this program.

"I urge all citizens—especially our young people—who are seeking hunting licenses, to contact their local conservation officers to enroll in the Hunter Safety Training classes in their communities," Governor Milliken said.

He also commended hunters and fishermen, who will observe Hunting and Fishing Day nationally on Sept. 28, for their work and concern to protect Michigan's valuable natural resources.

"Hunters and fishermen—who many years ago saw the need for environmental protection and began to work for it—deserve special recognition as leaders in this effort," he said.

By their own request, hunters and fishermen pay a tax on licenses, a tax that provides money for conservation programs, including the purchase and maintenance of game areas," Milliken said.

"In addition to hunting, these areas provide valuable open space and homes for many non-game birds and animals," he added. "Without the timely and unselfish financial protection provided by the state's hunters and fishermen, many of these lands would now be unsuited for wildlife needs."

"The availability of recreational lands plays a major role in determining the quality of life in our state. Hunters and fishermen, being close to the land, were among the first to see changes in the quality of our environment, and to develop a strong and consistent concern for environmental protection."

"Residents of Michigan are indebted to these men and women. Their activities at many levels—as youth leaders in communities through such programs as Hunter Safety Training; as supporters of strong but reasonable conservation legislation, and as backers of legal actions to protect the environment—have proved to be of immeasurable benefit to our state."

"I urge my fellow citizens to join me in saluting the hunters and fishermen of Michigan—men and women who stand with distinction among the outdoorsmen of our nation as we observe Michigan Hunting and Fishing Day, 1974."

Policy for Free Meals-Milk at Crawford Schools

The Crawford AuSable School District today announced its policy for Free Meals and Free Milk, or Reduced-Price Meals, for children unable to pay the full price of meals and milk served under the National School Lunch and School Breakfast Programs.

Local school officials have adopted the following family size and income criteria for determining eligibility:

TOTAL FAMILY SIZE	A SCALE FOR FREE MEALS AND FREE MILK		B SCALE FOR REDUCED-PRICE MEALS	
1		\$ 2,910		\$ 2,911 - 4,080
2		3,830		3,831 - 5,360
3		4,740		4,741 - 6,630
4		5,640		5,641 - 7,900
5		6,480		6,481 - 9,070
6		7,310		7,311 - 10,240
7		8,060		8,061 - 11,290
8		8,810		8,811 - 12,340
9		9,510		9,511 - 13,320
10		10,190		10,191 - 14,260
11	Each Additional	10,860	Each Additional	10,861 - 15,200
12	Family Member: \$670	11,530	Family Member: \$940	11,531 - 16,140

Children from families whose income is at or below the levels shown are eligible for (free meals and milk, or reduced-price meals). In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 30 percent of income, special education expenses due to mental or physical condition of a child, and disaster or casualty losses are urged to apply.

Application forms are being sent to all homes in a letter to parents. Additional copies are available at the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

In certain cases, foster children are also eligible for these benefits. If a family has foster children living with them and wishes to apply for such meals and milk for them, it should contact the school.

In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, or national origin.

Under the provisions of the policy the building principal will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the official, he may make a request either orally or in writing to Paul Lerg, Business Manager, 403 Michigan Avenue, Grayling, or call 348-7641 for a hearing to appeal the decision. The policy contains an Outline of the hearing procedure.

Each school and the office of the Superintendent has a copy of the complete policy which may be reviewed by an interested party.

Ford falters in kitchen

Does this country really need a leader who makes his own breakfast?

For months we've all been told that Gerald Ford is somewhat of a dummy but not to worry. After Nixon, what this country needs in the White House is a dummy. So say the political pundits.

A political pundit is a "longtime observer of the national scene" whose savvy and experience qualify him to tell the rest of us what makes the Washington Monument sway. They are called pundits because, when you ask them what to do in the face of a national crisis, they advise you to punt.

I always figured the pundits were wrong about Ford. I thought he was being misjudged simply because he used to play football for the University of Michigan. It isn't true that you must be a husky dummy to make that team. Actually, the only intellectual requirement is that you be too dumb to gain admittance to Michigan State University. A lot of good men fall short of MSU's high standards and are forced to detour toward Ann Arbor. This is no disgrace and it is unfair to hint that the source of Gerald Ford's education might automatically disqualify him from holding high office. Even if he was a lineman.

As an MSU graduate myself, I consider it an indication of my more sophisticated education that I bristled when the pundits said Ford's lips move when he reads.

It is not only that I refused to believe my President was a dumbbell. I also refused to accept the theory that the reign of Nixon had made a dumb replacement desirable. No matter what Dan Rather hinted, I didn't think this nation needed the duh-duh fumbling of a Boob McNutt to help it forget the slickness of Richard Nixon.

The flip side of this theory is

ridiculous. The pundits are saying Ford's dumbness is a refreshing change from Nixon's smartness. Well, I don't think Nixon was so smart. He bugged himself to death, which seems pretty dumb to me. He misjudged the intelligence of an entire nation and he surrounded himself with crumbums who could carry their scruples in their navels. He was the first U.S. President to leave Washington one step ahead of the posse.

I was sure Gerald Ford could never be that dumb.

Notice, I said "was." I just read that Gerald Ford does not require his wife to make his breakfast. Now I'm not so sure about his intelligence.

"But all he needs is a toaster," said Mrs. Ford in explaining why she stays in bed while Our Leader is in the kitchen, trying to find some soft butter.

I'm not looking for a battle with Women's Lib. If the wife is also a wage earner, then her husband should bear a fair share of the domestic tasks, including frying the morning eggs. But if the wife is strictly a homemaker, her duty is to make breakfast, just as it is her husband's duty to pay for it.

That's it. One of the big reasons I got married was so I could quit making my own breakfast. It isn't that I can't operate a toaster. It's that I don't want to. I want to read my newspaper and brood upon the cruel day ahead. The food should be supplied quickly, quietly, and as intravenously as possible without piercing my tender skin.

After a housewife has accomplished this for her husband, she can take her lazy body back into her lousy bed. But not until. That's the way things should be and it is incredible that our President doesn't know it.

What a dummy.

TO THE ELECTRIC CUSTOMERS OF CONSUMERS POWER COMPANY

NOTICE OF HEARING AFFECTING ELECTRIC RATES

On July 8, 1974, Consumers Power Company filed an application with the Michigan Public Service Commission for authority to amend the fuel cost adjustment clause in its electric rates, M.P.S.C. No. 7—Electric, Case No. U-4621. Existing electric rate schedules contain fuel adjustment clauses which permit adjustments to those rates to reflect changes in the cost of fossil fuel burned in the Company's fossil fuel electric generating plants. The Company proposes to amend its electric rate schedules to permit recovery of the cost of purchased and net interchange power which the Company must purchase to meet its electric system requirements, as well as the cost of fossil fuel. In addition, the Company proposes to utilize a system of estimates based upon the most up-to-date actual costs of fossil fuel and purchased and net interchange power and the most up-to-date actual kWh sales data to calculate the fuel adjustment clause and thereby eliminate the two-month lag in recovery of costs under the Company's current clause.

The incorporation of the proposed amendment to the existing fuel cost adjustment clause, as set forth below, will cause the Company's electric rates to increase or decrease as the costs of fossil fuel and purchased and net interchange power increase or decrease:

The fossil fuel and purchased and net interchange cost adjustment shall consist of an increase or decrease in the cost per kWh, based on the difference between the estimated average cost per kWh of fossil fuel and purchased and net interchange power and 5.790 mills per kWh, rounded to the nearest 1,000th mill per kWh. The estimated average cost per kWh of fossil fuel and purchased and net interchange power included in this clause shall consist of the estimated calendar month delivered cost of fossil fuel burned plus the estimated calendar month cost of purchased and net interchange power, divided by the estimated billing month kWh sales. This adjustment shall apply to all kWh included in the customer's bill during the billing month in which the estimated calendar month's cost of fossil fuel and purchased and net interchange power is incurred. After the actual cost per kWh has been determined, any difference between the estimated and actual cost of fossil fuel and purchased and net interchange power per kWh of sales shall be included in the next estimated cost determination of this adjustment clause.

The Company represents that its earnings rate is appreciably less than that authorized by the Commission in its last electric rate case, Case No. U-4332. Applicant further represents that purchased and net interchange power contributes a substantially larger percentage of total electric system requirements than that utilized by the Commission in setting rate levels in that case and that the average cost per kWh of purchased and net interchange power is substantially higher than that utilized by the Commission in setting rate levels in that case. The Company further represents that the purchased and net interchange

power kWh requirements used as a basis for the relief requested in the application are not duplicative of the purchased and net interchange power kWh requirements used as a basis for the request for rate relief which it currently has pending before the Commission in Case No. U-4576.

Public hearings will be held on Consumers Power Company's application commencing at 9:00 a.m. on September 16 and 17, 1974, in the offices of the Commission, Law Building, Lansing, Michigan for the purpose of determining whether the authority sought should be granted.

Any person interested in the hearing, but not desiring to formally intervene, may attend and participate by making a position statement pursuant to the provisions of Rule 16 of the Commission's Rules of Practice and Procedure. Persons seeking to formally intervene as a party to the proceeding shall be required to strictly comply with Rule 11 of the Commission's Rules of Practice and Procedure by filing with the Michigan Public Service Commission, Law Building, Lansing, Michigan 48913, at least five (5) days prior to September 16, 1974 an original and twelve (12) copies of a petition to intervene, together with proof of service upon Consumers Power Company, General Attorney, Legal Department, Jackson, Michigan 49201.

Consumers Power Company, on or before September 16, 1974, shall serve upon each person seeking to formally intervene under Rule 11 of the Commission's Rules of Practice and Procedure a copy of its application and supporting direct testimony and exhibits as filed with the Commission, and proof of service shall be filed with the Commission on or before September 16, 1974.

Public hearings, if necessary, shall be held, in addition to the dates aforementioned, at such times and adjourned dates as shall be determined by the presiding officer until the matter has been fully heard.

Ford bringing tone to presidency

Up to this point, as regular readers of this corner may have noted, I have steered clear of comment relative to the Nixon resignation and the Ford presidency.

This is in keeping with the gingerly way in which I have treated Watergate and its allied developments all the way along, both of these regular readers will recall.

That's for several reasons.

One is an innate (and deserved) modesty; what difference does it make what I might believe or write about such momentous happenings?

Another is that things move too swiftly for accurate comment; my writing schedule commands that I work from several days to a week or so in advance of publication, and things have to calm down a bit before I feel confident enough to write about them.

Perhaps the main reason for my reluctance is that my feelings right along have not been fixed enough to send me scurrying to the typewriter. The whole deal has been so complicated as to defy easy, surface conclusions.

But I have been besieged by questions about what I think about the Nixon exit and the Ford ascendancy; actually, both readers have mentioned it.

So for the sake of history, I feel compelled to speak out.

I say "for the sake of history" because in the distant future, some academic researcher may be going through files of this newspaper and unless I take some note of what has happened in Washington, the researcher may falsely conclude that small town America was so unconcerned about what was happening that the community newspaper's leading essayist (that's what's called poetic license on my part) didn't even take note of it.

So for the sake of historical accuracy, I offer the following views: I'm still not convinced that the factual evidence, by itself, was sufficient to remove Mr. Nixon from the presidency, either through impeachment or resignation.

But—and that's a pretty important "but" in my thesis—the inexorable succession of events over the past several months constructed a situation where Nixon's departure from the presidency was not only inevitable but desirable for the good of the country.

Mr. Nixon's own actions contributed mightily to the succession of circumstances that dictated his departure. It's too bad, but it happened.

History will show, in my opinion, that Mr. Nixon as President did a great job in foreign affairs, a questionable job in domestic affairs, and a downright lousy job of running the governmental apparatus.

I don't think there is any question that a huge majority of the people of this country did not want Nixon as president any more in summer of 1974. It's one of the wonders of the ages that the people could go from such an overwhelming embrace of Mr. Nixon at the polls to such overwhelming popular rejection in less than two years. But we did.

It's also a wonder—and the strongest possible endorsement of our system and of our people—that a transition of government under these circumstances could be accomplished as smoothly and with as much national grace as it was.

And without bloodshed, too. Not without some tears, but without bloodshed.

That's a wonderful endorsement to the world of our way of life; it tells the world more about the people and the systems of democracy than all our foreign aid and foreign propaganda programs put together.

As for Mr. Ford as president, I think he'll do just fine. I'm prejudiced, of course, because Jerry Ford has always been one of my favorite public officials. He'll handle his new job with dedication, with skill and with style.

Unless Jerry Ford blows it, he can emerge from this trauma as a genuine American folk hero. It seems to me the people today are looking for a leader whom they can admire, look up to, and above all, one they can believe and can trust.

In his first few weeks in office at any rate, the people have bestowed willingly upon Jerry Ford's shoulders just such confidence.

The style of his ascension to the presidency, and his words and actions in the transitional days, reinforced the people's hopes, in my opinion, because he came through as a genuine article.

President Ford can keep and strengthen the people's confidence, in my view, if he simply continues to be what he is.

West Branch Industry Named "Employer of The Year"

(Roscommon Herald-News Photo)

A West Branch industry will receive second place honors as an Employer of the Year in October from the National Association for Retarded Citizens for its hiring and training of the handicapped.

Taylor Building Products recently received the Michigan Employer of the Year award for 1973 from the Michigan Association for Retarded Children and Adults.

Frank Soley, plant manager, said Monday that the firm employs 23 persons, all of whom belong to the ROOC district, which includes Roscommon, Ogemaw, Oscoda and Crawford counties.

ROOC, which operates a workshop for the handicapped, placed the company in competition with 300 other firms that were vying for the state award, Larry Meier, ROOC director, said.

Soley and Meier will attend the October 2 national association's convention in Milwaukee, Wisconsin, where Taylor Building Products will receive its award. Also likely to attend are Carl Burkhardt, quality control manager of Taylor, and Jack Gretzinger, superintendent of the COOR Intermediate School District.

The firm, which manufactures doors and door frames, receives federal money for the training of the handicapped.

Some of the handicapped who have been with the company since it began its training program five years ago, are in the semi-skilled area, Soley said.

He stressed that "they are the same as any other employees," adding that they perform duties on the assembly line, operate presses and drive lift trucks.

The company does ask those hired to complete high school, he said, with most having done that, and a few still probably going to school.

If the occasion arises, Soley said he would hire more handicapped persons, but noted that the company is operating with 94 persons right now, when it has a capacity for 182. A depressed building trades industry is blamed by Soley for the lay-offs.

Legion Auxiliary Unit 106

The regular meeting held on August 13, 1974 was called to order by President, Mrs. Kenneth Moore.

Mrs. Eleanor Filley, adjutant of Grayling American Legion Post 106 and also Department of Michigan American Legion Historian, became a member of Unit 106 by taking her obligations.

President Mrs. Moore, had a very lovely cutlery set on display. Any Unit 106 member who has her 1975 dues paid on or before November 11, 1975 will be eligible for the drawing on this set.

Would you like to be the winner? You have just as good a chance as any other member. Just get your 1975 dues paid. Our quota is 103 for 1975. Mrs. Charles "Liz" Vajda is membership chairman. Mrs. Thomas "Odette" Coogan's application for membership was accepted.

Miss Bridget Hoffman, Auxiliary unit 106 Girls State girl, gave a very nice talk on her experiences at Girls State and what it all meant to her.

The Auxiliary would like to thank Miss Hoffman for being their representative. A lunch was served after the meeting.

Tenth District meeting will be in Bay City on September 14, 1974 at three o'clock. The next Auxiliary meeting will be September 10th at 8:00. Please attend.

Comm. Chairman
Unit 106

District Court

The following persons appeared before Judge Francis Walsh in District Court last week:

Bruce Thomas Nicaise, 22, of Utica demanded preliminary examination on a charge of breaking and entering and bond of \$5,000.00 was set. He was arrested on a citizen's complaint August 24th.

Philip Lee Harrington, 27, of Farmington entered a plea of nolo contendere to illegal use of LSD and was sentenced to 14 days in jail and \$150.00 fine and costs with an additional 14 days in jail if fine and costs are not paid. He was arrested by Michigan State Police on August 8th.

Albert Arthur Racine, 17, of Utica and Daniel Mark Woodin, 17, of Dryden entered pleas of guilty to possession of marijuana and were assessed fines and costs of \$304.00 or 30 days in jail. They were arrested on August 11th by Sheriff's deputies.

Michael B. Bindscheatle, 26, of Grayling was assessed fine and costs of \$154.00 and five days in jail with an additional 14 days in jail if fine and costs are not paid after pleading guilty to driving on a suspended license (second offense). Sheriff's officers made the arrest on August 24th.

A non-sufficient funds check charge against Clifford Peterson of Grayling was dismissed by the court.

Tax Relief

(continued from page 1)

September 15, 1974. A return (MI-1040CR) must be filed at the end of the 1974 tax year and the \$100.00 subtracted from the 1974 total eligible refund. If the \$100.00 is more than the 1974 total the repayment must be made to the State.

A senior citizen is anyone who will be at least 65 years old by December 31, 1974, or the unmarried surviving spouse of such a person. The senior citizen may not have household income of more than \$6,000.00 per year in 1973 and can reasonably expect no more than \$8,000.00 income in 1974.

Blind persons, veterans, servicemen or their surviving spouse must be eligible under the provisions of the "Homestead Property Tax Relief Act" (Act 20, Public Acts of 1973, as amended).

The Michigan Department of Treasury has mailed the form to everyone who filed an MI-1040CR for 1973. This form can also be obtained from any of the Department of Treasury district offices or from the Lansing Office of the individual income tax section of the Treasury Department. Local officials who wish a supply for distribution should contact their nearest district office or individual Income Tax Section, Department of Treasury, Lansing, Michigan 48922, Attention: E. W. Persing-Keller Vows Spoken

Mr. and Mrs. Richard Persing of Kalkaska announce the marriage of their daughter, Lee Ann, to Robert Keller on August 6th. The wedding took place at seven o'clock in the United Methodist Church in Big Rapids.

A dinner for the family members was held at the College Inn prior to the ceremony and a reception was held following. The couple will make their home in Big Rapids.

Ledesma-Johnson Wed in Kansas

Monica Virginia Ledesma, daughter of Mr. and Mrs. Herman Ledesma, Sr. of Route 2, Hoisington, Kansas, became the bride of Robert James Johnson, son of Mr. and Mrs. Russell Owen of Grayling. The wedding took place at St. John Catholic Church, Hoisington, Kansas on Saturday, July 6.

Rev. Father Gerald Ham meke officiated at the 11:30 a.m. double ring ceremony before some 75 guests.

The bride, who was escorted to the altar by her parents, wore a gown of knit jersey, featuring a lace bodice and a scoop neckline and long fitted sleeves, which was made by her mother. A large comb secured her mantilla veil and she carried a bouquet of lavender daisy pompons and white roses.

Rachel Ledesma of Hoisington, sister of the bride, was the maid of honor. Sharon Johnson of Grayling, the groom's sister was bridesmaid. Both wore dresses of lavender dotted swiss with white picture hats with lavender ribbon and carried a single white rose tied with lavender streamers.

Michael Johnson of Grayling, brother of the groom, was best

man. Herman Ledesma, Jr. of Hoisington, brother of the bride, was groomsman, and Thomas Johnson of Grayling, another brother of the groom, and Danny Ledesma of Hoisington were ushers.

A reception was held in the basement of St. John School following the ceremony.

For her daughter's wedding, Mrs. Ledesma wore a yellow dotted swiss gown with white accents and a white carnation corsage. Mrs. Owen chose a polyester print dress with white accents and a corsage of white carnations for the marriage of her son.

The bride attended Hoisington High School in Hoisington, Kansas. The groom attended Grayling High School. They will make their home at 413 N. Hickory, Hoisington, Kansas.

The parents of the groom hosted a rehearsal dinner on Friday evening preceding the wedding.

Youth Rally

Two Youth Rally groups come together for Mass Rally. The Northern Michigan Youth Rally and the Northland Youth Crusade will join for this mass rally at the Calvary Baptist Church of Gaylord, on Saturday, September 14 at 7 p.m. Rev. Jim Missildine of Jewish Missions in Detroit will be the special speaker.

Before becoming active in Jewish missions, Rev. Jim Missildine was a participant in occult practices, later becoming converted to Christ. He will speak on the dangers involved by persons active in Spiritism, Witchcraft, Extra Sensory Perception, etc.

In addition to the Saturday evening rally, Mr. Missildine will speak Friday at 7:30 p.m. and Saturday afternoon at 3 p.m. Everyone is cordially invited.

When man's aspirations are filled with religious faith and a sense of spiritual mission, he rises to heights of unselfish dedication. But when he keeps his sights lowered to greedy goals, he often becomes entangled in his own materialistic web.

Bring your family to church. That's where we learn with confidence to lift our eyes to the realities that are above the worldly.

As we train a youngster to look to God, we are unlocking the potential of a soul.

Local 4-H'ers Go Camping

By Willard Rosserman, County Extension Director

4-H Club members from Crawford and Roscommon counties went camping August 24th thru 28th.

Releasing a weather balloon was one of the highlights of camp. Lester Mack, Michigan University Agricultural Engineer told them how they worked and what they were used for. They watched tentatively as Mr. Mack filled the big balloon with helium. They gazed sky-

ward as the balloon disappeared into the wild blue yonder.

The campers were also thrilled when Jack Worthington of the 4-H State Office turned one of the cabins into a box camera. He darkened a cabin so only a small opening allowed light to enter. A piece of white paper reflected an upside-down image just like inside a camera.

The 4-H members conducted their own ecology research as they listed all of the living things on three different sites on camp. They learned why the plants in a bog were different than those growing on up-land soil.

Painting designs on T-Shirts and making dogs out of yarn were a couple of activities the campers eagerly did.

Of course canoeing and swimming turned out to be their favorite activity.

The camp is located near Clear Lake in Ogemaw county. Eleven counties participated in the camp. There were 72 campers in all.

Vicki Legg, Roscommon was a cabin counselor. The campers from Roscommon county were: Debbie Lorion, Ruth Morgenstern and Billy Waterman. Those from Crawford county were: Robin Wooley, Kay Golicnik, Cheryl Hatfield, Karen Williams, Danny Cahoon and Brad Wejrowski.

Players To Meet

The River Country Players will meet Tuesday, September 10th at 7:30 p.m. at the Chief Shoppenagon Hotel. At this time a script will be chosen by the players for their next production. The play will be presented in the late fall. Anyone interested in this new theater group is cordially invited to attend.

It is important that committee chairmen and all those involved in "Barefoot in the Park" be at this meeting for a final wrap up on all the details of the last production.

Please note the time and date change of the monthly meeting. Tuesday, September 10th at 7:30 p.m. at the Chief Shoppenagon Hotel.

Foster Mother Helps Parents of Retarded

EDITOR'S NOTE: The following article appeared in the June 16th issue of the Lansing State Journal. Mrs. Campbell is the daughter of Elberta Lutz, and a 1955 graduate of Grayling High School.

By MILLICENT LANE
Staff Writer

Georgiane Campbell has had 51 foster babies in her home in the past seven years, is licensed to provide day care for three children, and now cares for retarded youngsters on weekends.

Her husband, Edward, and their four children approve and welcomed the first retarded child last weekend to their home at 535 Paris.

"Foster Homes for retarded are needed so badly," Mrs. Campbell said, "and I sure hope others at least will give it a chance. I think if they get involved, they will find it rewarding."

Mrs. Campbell took care of Michael Dowling, three-year-old son of Mr. and Mrs. William Dowling. Her service was part of a Respite Care Project under the Community Mental Health Board.

About six homes have been opened to the retarded under the project—not enough to answer the 79 requests the board has received so far for respite care.

The project, headed by Dr. Anita Singh, is aimed at providing short term care when parents of retarded go on business trips or take brief vacations or when there is severe illness or death in a home.

Dr. Singh, mental health board director of programs for the retarded, said that parents are asked to pay minimum charges.

"We need homes in Ingham, Clinton and Eaton counties," Dr. Singh said. "We would like to hear from parents or from single, mature persons. Anyone can apply by calling me at 487-6500."

The project was made possible through a \$28,000 developmental disabilities grant from the State Public Health Department. The Greater Lansing Association for Retarded

Citizens (GLARC) gave \$1,000. Family and Child Services, a Capital Area United Way agency, has been working with the board to help place children.

Under the Respite Care Project all persons wishing to open their homes are trained in a program set up by Dr. Donald Burke, special education professor at Michigan State University.

"It helps to meet the child's natural parents who can explain his handicap," Mrs. Campbell said.

CARD OF THANKS

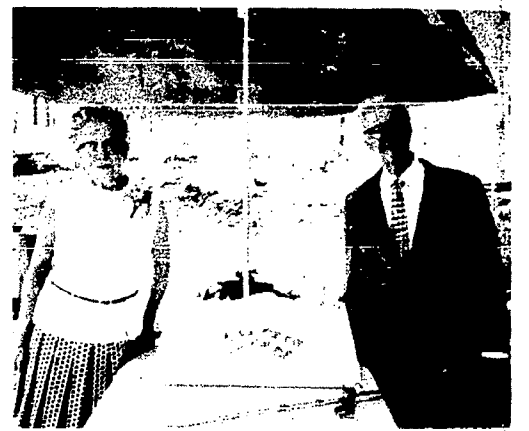

Many thanks to my friends and neighbors who came to see me during my recent illness. A special thanks to Neil and Garlene Horning, also Dr. Henig and staff and nurses on 2nd floor of Mercy Hospital for the excellent care I received.

CELEBRATE GOLDEN ANNIVERSARY

On Sunday afternoon, August 25th, the children and grandchildren of Mr. and Mrs. Robert F. Paulsen, Sr., of Grayling, hosted a surprise outdoor buffet-reception in observance of their Golden wedding anniversary at the summer home of the Junior Paulsens at McIntyre's Landing.

Mother Nature provided a beautiful day for the occasion at which 51 relatives and friends were gathered. The four young grandchildren sang in harmony several beautiful songs.

An American and Danish flag were important parts of the decorations which included two greatly enlarged photographs of the honored guests taken more than 50 years ago.

August 25, 1974 is truly a day long to be remembered by the Senior Paulsens.

Season Tickets For Travel And Adventure Still Available

For those who as of yet do not have their season tickets to this year's Travel and Adventure Series, tickets are still available and possibly will be obtainable through the showing of the first travelogue on October 15th.

Additional Travel and Adventure information as well as tickets can be obtained at the Community School Office. The Community School Office is located in the Grayling High School and is open daily from 1:00 to 5:00 p.m. and from 6:00 to 9:00 p.m. each evening.

Grayling area travelogue viewers are fortunate this year to have an excellent line-up of productions which include two exciting programs on the United States.

The first is a border to border trek through the American Rocky Mountains, which includes many of the famous areas as well as national parks. This entire journey is made on ten-speed bicycles.

The second travelogue of our country is one of the most unforgettable experiences ever to be obtained through the medium of photography. On March 11, 1975 Robert Brouwer will be in Grayling to show his inspiring slide presentation of American scenes. These slides are projected on three ten-foot square screens from six projectors, all at the same time and are accompanied by the utmost in stereophonic sound.

Admission to both these exciting travelogues of our country is included in the price of one season ticket, as well as four other admissions which include programs on London, Austria, Portugal and Bolivia.

Price of a season ticket for our 2nd annual Travel and Adventure Series is only \$8.00 for admission to all six travelogues. Price for children 12 and under and senior citizens is only \$5.00. For more information call 348-7641 today, or, clip the coupon below and order your tickets now.

Your Gas furnace is so efficient and dependable, you probably take it for granted. But soon you'll be needing it again. And, just like every piece of good equipment, it does require proper maintenance. That's why we recommend an annual pre-winter furnace checkup by a licensed heating contractor. Everything will be put in top shape before the heating season begins. So there's far less chance of an inconvenient problem. It'll help hold down heating costs too, and will prolong the life of your Gas furnace.

Your qualified heating contractor will check belts, motor, blower, burner, pilot, thermostat and filter. He'll make adjustments, where necessary. Recommend repairs, if needed. Then come winter, you can expect everything from your furnace but trouble. Equally important, you can save Gas and money.

If you're one of our home heating customers, you've already received a card with the name of a licensed heating contractor who serves your area. There's a checklist that he'll follow, too. We strongly recommend you contact him—or any licensed heating contractor of your choice—and have your furnace checked now. Our Gas is your lowest cost fuel. Use it efficiently, and you'll save even more.

MICHIGAN CONSOLIDATED GAS COMPANY

We care about your tomorrow.

your week ahead BY DR. A.W. DAMIS

Forecast Period: September 8 to September 14

ARIES Mar. 21 - Apr. 19	You're painting this coming week with a broad brush of optimism, if you think help is on the way. In other words, don't depend on teamwork. Go it alone!
TAURUS Apr. 20 - May 20	Most members of your sign will be exploring new territory, which incidentally, includes affairs of the heart. It's highly probable, also, that you'll make changes—long held in mind.
GEMINI May 21 - June 20	You might be over analytical about your relationship with a member of the opposite sex. Look for trouble... and you'll find it. Incidentally, a training program, of sort, is possible.
MOONCHILD June 21 - July 22	There's favorable trends, financial in nature, indicated in your chart. Property or valuable items will be available, according to the general scheme of things.
LEO July 23 - Aug. 22	You, Leo, without conscious design, seem to be coming across as being indifferent toward a member of the opposite sex. Look into it!
VIRGO Aug. 23 - Sept. 22	Most members under your sign will be in the mood to put on a pretentious air. And, strange as it might seem, refusing to recognize your limitations—will be to your advantage.
LIBRA Sept. 23 - Oct. 22	It's a fact of life, some members under your sign will become involved in a clandestine triangle. If you are not, so involved... you'll take a trip down memory lane.
SCORPIO Oct. 23 - Nov. 21	Just try to make it through the week by meeting problems "one to one." Bluntness, there might be tough going, in your job, task or project.
SAGITTARIUS Nov. 22 - Dec. 21	Gather facts, records and data. It seems as though a challenger awaits to ambush. One other thing: Avoid rumors, half truths and gossip.
CAPRICORN Dec. 22 - Jan. 19	Review your wardrobe: first impression will be very important, during this week's cosmic cycle. Incidentally, there might be a change in your romance pattern.
AQUARIUS Jan. 20 - Feb. 18	Most members of your sign face a haunting past. Actually, Aquarians are entering a nostalgic period. Remember, things aren't as they used to be!
PISCES Feb. 19 - Mar. 20	A pleasant "slice of life" is heading your way. A little dream, not a big thing, will come true. So, stand by for one of the simple pleasures.

Holl Call: Councilmen present: Bovee, Palmer, Golnick, McEvers, Hanson. Councilmen absent: Nelson. Also in attendance: Nelson Miles, City Attorney, Jerry Morford, City Manager, Allen V. Schreiner, City Treasurer, and A. Don Sorenson, Water Superintendent.

Moved by Bovee, supported by Golnick that the minutes of the regular meeting of August 12, 1974 and special meeting of August 16, 1974 be approved as presented. Ayes: 5, Nays: 0, motion carried.

Communications were received from:

MML Re: Meeting in Chicago.
Benson & Sabin re: Don Frisbie.
Grayling Regional Chamber of Commerce re: Annual dues.
P.W. Stephan re: Disposal of nine bicycles.
Consumers Power Co. re: Electrical connection at new firehall.
District Health Dept. re: Don Frisbie.

MML re: DNR publication.
Edmonds Engineering, Inc. re: Water tank inspection.
Michigan Department of Public Health re: Well permit.
E. H. Longworth to Troy Yoder (DNR) re: Signs.
R. Papenfus to Peninsula Construction Co. re: Rickert Building.

Robert Stevens, NEMRP&DC re: Industrial Park meeting.
Raymond Gillie re: Hatt's Motel.
No citizens appeared who wished to speak.

Mr. Morford read a letter from Layne-Northern Co. asking permission to submit a revised proposal on the new water well to be constructed near Roberts Road. Moved by Hanson, supported by Palmer that the parties interested in construction of the new well be brought together and prices be negotiated with a recommendation to be returned to council by Mr. Morford and Bill Richards, City Engineering Consultant. Ayes: 5, Nays: 0, motion carried.

Estimate #5 from G & T Construction Co. for \$30,617.64 for the industrial park project was presented and recommended for payment. Final inspection will be August 27, 1974. Moved by Golnick, supported by Bovee that the invoice be approved for payment in the amount of \$30,617.64 subject to the final inspection. Ayes: 5, Nays: 0, motion carried.

There has been no action on Parcel "A" since last County Board meeting. Moved by Golnick, supported by Palmer that Mayor McEvers and Mr. Miles attend the next County Board meeting to settle this matter. Ayes: 5, Nays: 0, motion carried.

Mr. Morford reported on the new fire station progress. Some new drawings will be forthcoming related to some interior changes for creation of an Evidence storage facility. Moved by Bovee, supported by Hanson that council authorize preparation of a change order for these changes; and that Mr. Morford, Mr. Fowler and Chief White be authorized to proceed with the changes in anticipation of approval of the change order in the amount not to exceed \$1,000.00. Ayes: 5, Nays: 0, motion carried.

Ordinance 72-6 was discussed. This ordinance deals with consumption of alcoholic beverages on public property. Moved by McEvers, supported by Golnick that Council request the Crawford Ausable School Board to examine the drinking problem on school property with assurances that the City will assist the schools in solution of the problem if so desired by the school. Ayes: 5, Nays: 0, motion carried.

Invoice from Northern Electric Co. for additional wiring at the City Park in the amount of \$43.41. Moved by Hanson, supported by Golnick that the City pay the invoice.

Council was informed of a hearing on Federal Revenue Sharing to be held at the MML Conference in Detroit September 12, 1974. Cities are being invited to testify.

The property line of the Harvey Regan property was discussed. Mr. Regan complained about the noise of the street sweeper being emptied in the morning near his home. He also questioned the location of the storm sewer behind City Hall as possibly being located on his property. He also asked Mr. McEvers about the parking area around the new fire station. Mr. Morford will look into the matter and advise Mr. Regan of the situation.

Mr. Miles reported on the progress of the Rochester Paving problem. He stated that the City can do nothing until a proper hearing of the Bankruptcy Court has occurred. Mr. Miles will continue to pursue the matter and report back at future meetings.

Mr. McEvers reported that Pat Miller of Mercy Hospital has asked that the City recommend someone to be a member of North Central Comprehensive Health Council. Several names were suggested and taken under advisement by Council.

Mr. Golnick requested the purchase of 300' of 2 1/2" fire hose for the township fire truck. The reason is to save off a 10% increase in the Grayling Township insurance rates. Ayes: 5, Nays: 0, motion carried.

Mr. Hanson reported that he has been able to find a method by which the city might acquire an air compressor. He had the address to which it might apply.

Moved by McEvers, supported by Golnick that council hold a special meeting on September 16, 1974 to discuss bids on the 1974 storm sewer project. Ayes: 5, Nays: 0, motion carried.

A request from the Soldier's & Sailor's relief fund for reduction of grave service, invoice #2921, to \$30.00 was denied on basis of actual cost of service provided.

Adjournment.
Moved by Golnick, supported by Bovee that the meeting be adjourned. Ayes: 5, Nays: 0, motion carried.
Meeting adjourned at 11:01 p.m.

To Serve You Better

Guidelines for obtaining help with drinking problems have been issued by the Alcohol Information & Counseling Center in Grayling.

Ray Hasenauer, counselor at the center, points out that disruptions from problem drinking and alcoholism are not confined to the individual with the drinking problem. "The suffering is felt by many people," Hasenauer says, "including family members, work associates, clergymen, doctors, social workers and law enforcement personnel. We can help any of these people to better understand and deal with difficulties arising from someone's drinking problem."

The Alcohol Information and Counseling Center offers services in the following areas:

Information—Literature, Films, Talks and In-Service training can be requested.

Evaluation—When someone is not sure whether certain drinking behavior constitutes a serious problem, the case can be evaluated.

Family Assistance—When a person's drinking is disrupting family life, but he or she won't seek help, the family members can join a Family Assistance Group or receive individual counseling.

Counseling—For those ready to accept assistance to resolve a drinking problem, confidential discussions with a trained counselor are available.

Group Therapy—A further aid to straightening out the hang-ups connected with drinking problems is joining a group of people with similar problems which meets regularly under the guidance of a trained leader.

Referral to other help—When physical, mental or social disruptions from a drinking problem are severe, the center can arrange treatment in Hospital Alcoholism Programs, Alcoholism Half-Way Houses, or other specialized facilities.

Assistance to Employers—Drinking problems generate absenteeism, injuries, lowered productivity and increased insurance rates. Employers can arrange evaluation and treatment of employees whose job performance appears to be affected by a drinking or other behavioral problem.

Assistance to Professionals—Doctors, Attorneys, Clergymen, Social Workers, and other professionals are often called on to aid with the disruptions caused by abusive drinking. These professionals can call on the center for assistance in finding ways to get at the underlying drinking problems.

"The whole purpose of the Alcohol Information & Counseling Center," says Hasenauer, "is to provide specialized aid to people with drinking problems. Don't hesitate to call on us. We can help you decide what aid or information you need, and provide it, or help you find it. The center's telephone number is 348-8331."

A pamphlet describing the center's services can be obtained by writing the Alcohol Information & Counseling Center, R.H. 1, Box 1020, M-72 West, Grayling, Mich. 49738.

Collini, treasurer.

The sale of the paper, one hundred years old in 1975, and in the Matheson family for the past 67 years, was prompted by the retirement of Darrel Matheson.

The new group took over operations of the newspaper the 1st of September, with Darrel and Elwin remaining with the firm for an indefinite period, while the new owners interview qualified newspaper people to fill the management positions.

Future plans include converting the plant to offset printing process and expanding services to the community.

10th District To Meet

The September meeting of the Tenth District will be held in Bay City at Harding - Oakridge Post #18, on Saturday, September 14th.

The meeting will begin promptly at 3:00 p.m. (note the time change). Dinner will follow the meeting.

Special order of business will be the installation of District Officers of both the American Legion and Auxiliary. These meetings are not just for elected officers of your Post or Unit, they are intended for all members in good standing. Support your Unit and your Post by attending as many of these District meetings as you possibly can. The District needs you!

of a suit initiated by the State of Michigan to reassert its ownership rights in the Bear Mountain tract of the Michigan National Guard reservation.

The LMPA was granted the right to intervene in the case last year, to prod the State to carry the case through to a proper conclusion in the courts.

Retiring County Commissioner Bernard Maurer received a standing ovation at the meeting for his record of public service and counsel to the Association.

Maurer, who was defeated for re-election at the recent primary, urged the Association to continue to fight for what it believed in, and not to limit its concerns to the Lake and its immediate surroundings. What constitutes progress in the county is something all the people of the county have to determine for themselves, he said.

"I don't feel the environment has to be sacrificed as the price of progress," he said.
